Martin Company**

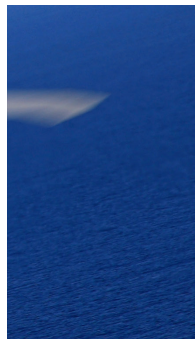

GROUND SUPPORT EQUIPMENT

ALIGNED TO SUPPORT ALL SIKORSKY AIRCRAFT GSE NEEDS

HABCO is the exclusive supplier to provide support, sales, manufacturing and logistics assistance for Sikorsky, a Lockheed Martin Company, aftermarket ground support equipment (GSE) – covering all commercial and military helicopters currently in operational use.

HABCO is internally aligned – from sales and customer service to manufacturing and on-time delivery diligence – to meet the exacting requirements from all military and commercial Sikorsky operators.

Dedicated resources are in place to immediately meet each and every GSE application need – ranging from new product acquisition to answering technical questions. We're here to help you remain operationally ready for whatever the flight or mission may be.

- Local Fabrication
- Commercial GSE
- International Military GSE
- U.S. Government (USG) GSE
- Foreign Military Sales (FMS) GSE
- Commercially Off The Shelf (COTS)
